Virtual Pediatric Urgencies and Emergencies: When to Send, When to Mend

October 16-17, 2020
Friday-Saturday

Virtual Pediatric Urgencies and Emergencies: When to Send, When to Mend

Pediatric urgencies and emergencies are not uncommon presentations in outpatient clinical settings. These cases can pose dilemmas for both treatment and the need for possible referral. This course will help to prepare pediatricians, family medicine physicians, advanced practice providers, nurses, and other outpatient providers who care for children to provide evidence-based and efficient care when these situations arise.

OBJECTIVES

The objectives of this conference are to understand pediatric emergencies that present in the office or clinic setting and discuss treatment guidelines and recommendations for referral.

The course schedule was updated to provide live, interactive virtual small group procedural sessions with materials mailed directly to participants, in addition to lectures by world class speakers.

Topics will include wound care, minor head trauma, orthopedic injuries, rashes, mental health emergencies, PALS, COVID-19, and telehealth.

ACCREDITATION

The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. UCSF designates this live activity for a maximum of 10.75 *AMA PRA Category 1 Credits™*. The American Nurses Credentialing Center and AAPA accepts *AMA PRA Category 1 Credit™* issued by organizations accredited by the ACCME. Participants should claim only the credit commensurate with the extent of their participation.

- Virtual lectures and question and answer sessions offer 8.75 *AMA PRA Category 1 Credits™*
- Virtual interactive small group sessions include up to 2 additional *AMA PRA Category 1 Credits™*
